

## Golf

---

### Baviera Golf Course

PAR: 71 5066 meters

Opened in 2002 Baviera Golf course is located in the foothills of the Sierra de la Almijara, just 30 minutes drive along the N.340 East of Malaga (not far from Anoreta Golf). Another course designed by Jose Maria Canazares, the fairways are wide, and the greens large and fast. There are several water hazards providing the golfer with some challenging moments. We have only had positive comments from our visiting golfers for this new course.

---

### Anoreta Golf Course

PAR: 72 LENGTH : 5,673 meters

Anoreta Golf course, the first designed by Spanish Ryder Cup player Jose Maria Cañizares, is East of Malaga at Rincon de la Victoria and is easy to find being just off the N.340 at KM258. The course is an interesting challenge suited to players of all abilities. It has generous fairways and fast rolling greens - some of which are well protected by bunkers and water (which comes into play on 11 of the holes including the long 528m 3rd). The practice facilities are good and include a driving range.

### **Los Moriscos Golf Course**

**PAR: 70: 5,740 meters**

**A modern course with 9 completely new holes which guarantees players a fantastic day of golfing.**

**The golf course, beautifully situated on the beach, offers players unsurpassed views of the Mediterranean Sea; It boasts wide, and mostly flat fairways, making it an ideal place for an enjoyable day of golf for players of all levels.**

**Whilst enjoying your game of golf, you will be surrounded by tropical palm trees, wide artificial lakes and remarkable views of the Sierra Nevada Mountains. You are assured of a warm welcome at Los Moriscos Golf Club.**
