Horse Riding in Spain

We can arrange a comprehensive equestrian experience including hourly, half day rides, day trekking, and trail riding, all with Spanish horses.

Horse riding varies from gentle treks to the white villages of Competa, Torrox, Acebuchal and Frigiliana through the breathtaking National Parks, to more extreme trekking across mountains to the Granada province.

During your riding trip you will see stunning views across the Parque Natural down to the blue seas of the Mediterranean. You will experience the true wilderness of Andalucía while trekking on a Spanish horse in its true environment.

What to expect...

All rides are accompanied by experienced mountain guides and tailored to individual group ability. You will be their only clients during your stay.

Time spent riding during a day can be from 1 to 3 hours to full day, depending on your requirements.

Rides are taken through breathtaking mountain ranges, by rivers and waterfalls, or to the nearby Moorish villages. Relaxing lunches can be taken either take a picnic high in the Sierras or go for local Spanish tapas in a traditional bar.

Riding with guide €90 per person per day.

20 euro per hour for riding with guide.

Transport can be arranged on request.
